

H2020 Contractors' Workshop on Bioenergy Market Uptake projects

Outline and Agenda

Target group

The meeting will gather together the following stakeholders:

1. Contractors of on-going H2020 CSA projects on bioenergy market uptake (MU) plus one Social Sciences and Humanities (SSH) project on bioenergy → 15 projects (one contractor per project, normally the coordinator or a beneficiary established in Brussels)
2. Contractors of on-going Intelligent Energy – Europe (IEE) projects → 3 projects ending in 2017 (one contractor per project, normally the coordinator or a beneficiary established in Brussels¹)
3. INEA's and EASME staff

Date and venue

2 March 2016 from 9h30 to 16h10, hosted at INEA premises, W910 Brussels.

Context

There are 15 H2020 bioenergy MU projects ongoing (including one SSH), 8 of them just started and 7 before the first reporting period. All these projects have many collaboration potentials as they may be working with the same raw materials, in the same regions/countries, with the same target groups, producing the same bioenergy carrier (i.e. pellets, biogas) or final energy (e.g. H&C), etc. Also, there will be 3 on-going bioenergy projects of the IEE programme having similar characteristics still running until 2017.

This event will be an opportunity to bring all these projects together so that they have the opportunity to meet each other, exchange experiences and information and start working on future joint activities and events.

Objectives

The purpose of this workshop is twofold:

1. To make the contractors aware of what are other UE supported projects doing in the field of bioenergy market uptake
2. Triggering collaborations between projects with similar characteristics (by means of shared events, for example)
3. Allowing project contractors to gain tips and exchange experiences on how to communicate their projects and how to achieve the project impacts and results

¹ Some projects have shared partners so for cost reduction purposes one person may represent more than one project. The costs would be allocated to one of the projects.

Agenda

9:30-9:40 Welcome to the workshop by Dirk BECKERS, Director of INEA

9:40-9:50 Introduction to the workshop and participants

9:50-10:50 Ice breaker: meet the bioenergy project

10:50-11:10 BREAK

11:10-12:10 Session on projects' impacts – work in groups

12:10-12:40 Presentation by rapporteur of each group and discussion

12:40-13:40 LUNCH

13:40-14:40 Session on communication & support actions – work in groups

14:40-1:10 Presentation by rapporteur of each group

15:10-15:30 BREAK

15:30-16:00 Outcomes of the workshop

16:00-16:10 Conclusions and wrap-up

List of project H2020 contractors²

GROUP A (6 projects; 5 persons)

Project	Call	Family name	Name	Organisation	Role
BioenergyTrain	2014	HASEWEND	Brigitte	ESEIA (AT)	Coordinator
BIOSURF	2014	KOVACS	Attila	EBA	Partner BXL
BiogasAction	2015	KOVACS	Attila	EBA	Partner BXL
ISABEL	2015	ALTSITSIADIS	Efthymios	WR	Partner BXL
ISAAC	2015	FACCI	Enrico	AzzeroCO2 (IT)	Coordinator
BioEnergyFarmII	IEE	CORNELISSEN	René	CCS (NL)	Coordinator

GROUP B (6 projects; 5 persons)

H2020 project	Call	Family name	Name	Organisation	Role
SECURECHAIN	2014	KIES	Uwe	IIWH (DE)	Coordinator
BioRES	2014	SIHVONEN	Jori	AEBIOM	Partner BXL
Biomass Plus	2015	RODERO	Pablo	AVEBIOM (ES)	Coordinator
BioVill	2015	ADLER	Jens	GIZ (DE)	Coordinator
uP_running	2015	CEMBRANO	Eduardo	CIRCE (ES)	Coordinator
SUCELLOG	IEE	CEMBRANO	Eduardo	CIRCE (ES)	Coordinator

GROUP C (6 projects; 4 persons)

Bin2Grid	2014	RUTZ	Dominik	WIP (DE)	Partner
Bioenergy4Business	2014	AVENI	Nino	AEBIOM	Partner BXL
greenGAIN	2014	BAUMGARTEN	Wibke	FNR (DE)	Coordinator
SEEMLA	2015	BAUMGARTEN	Wibke	FNR (DE)	Coordinator
FORBIO	2015	BUDNIOK	Marie-Alice	ELO	Partner BXL
SRCplus	IEE	RUTZ	Dominik	WIP (DE)	Coordinator

² In bold the persons representing more than one project
